A REMARKABLE CASE

Lady Confined in an Insane Asylum in Canada, But Is Not Insane.

AID OF ATTORNEY GENERAL ASKED

Wm. H. Fowle, of Norfolk, Made Executive Clerk to Gov. Russell—Gay Lumber Company Chartered—Pens. Identical Report Not Ready—Justices of the Peace Are Liable

Raleigh, N. C., March 16.—(Special.)—John W. Dunn, of New York City, writes Attorney General Walker a strange letter. He says that he was born in North Carolina and that his wife is in Canada in an insane asylum. He begs the Attorney General to write the Governor of Canada, asking why Mrs. Dunn is kept there, when she is not insane.

The military authorities of the State began to-day the equipment of the several corps of the State Guard. It is at Concord.

All the published statements about company commanders having been sent orders in cipher, or in any shape, to be in readiness, are declared at headquarters, to be totally untrue.

William H. Fowle, of Norfolk, Va., today became executive clerk to Governor Russell. He is a kinsman of the wife of Senator Butler.

Chairman Dickey did not submit the report for 1897 to the penitentiary board to-day. He said: "I will not go in until to-morrow, if then I will see if I am ready to make it. I think it will show a profit. I have no idea how much. I have not struck a balance at all for the six farms and the two convicts railway camps and the central prison."

Arrived to-day: George R. Buntree, Frank McNeill, Wilmington; John Brady, Gatesville.

Morrison H. Caldwell, the new director of the penitentiary, has arrived from Concord. He was appointed by the Governor yesterday, and is a Populist, of course.

The State to-day chartered the Gay Lumber Company, of Kingston; capital, \$50,000; stockholders, J. W. Lynch, J. L. Gay and J. F. Hostetter, of Suffolk, Va.

One of the questions which is now agitating the Railway Commission is the recent United States Supreme Court decision, known as the maximum rate case. The question is whether it does not practically do away with a commission.

The survey of the extension of the Aberdeen and Ashboro' railway from Troy to Mt. Gilad, began to-day.

The smallpox scare is now entirely ended, so far as this State is concerned.

The partridge shooting season ended yesterday. A fair supply of birds is left.

At the executive mansion to-day William Bottomley, George Vanderbilt's head gardener, began the arrangement of the plants and shrubs comprising Vanderbilt's gift to the State.

The decision of the Attorney General that justices of the peace are liable to work on the public roads, like other officers, affects several thousand of them.

It is unquestionable that heavy pressure is being brought to bear on the Railway Commission, or rather on the two new ones, to induce them to rescind the order reducing passenger rates. The railways made such a showing yesterday against the reduction as to afford no reason for not revoking the order.

The Railway Commission gives notice that it will meet to-morrow morning and render their decision as to whether the order reducing passenger rates shall stand or be revoked.

Senator Dancy, of Virginia, and Judge Armfield, of Statesville, were invited to deliver the addresses at Ashville May 20th, at the unveiling of the monument to Socratic Vance. Armfield declines.

Governor Russell to-day received a message from President McKinley asking how many troops the State could furnish in case of hostilities. The reply of the Governor gave 245,000 as the number.

There is no sadder sight than that of the orphan child bereft of the loving care of a mother. If women would but learn the vital importance of taking proper care of their health, and always look after the health and vigor of the organs distinctly feminine, the pitiful Sabbath day procession of motherless children that goes to the cemetery to "put flowers on ma-ma's grave" would be materially reduced in numbers. Too many women bring a child into the world at the sacrifice of their own life. This sad tragedy may be avoided by any woman who will resort to the right remedy.

The usual dangers of maternity are banished by the use of Dr. Pierce's Favorite Prescription. It acts directly and only on the important and delicate organs that bear the burdens of motherhood. It makes them healthy and strong, vigorous and elastic. It does away with the discomforts of the expectant period, insures the health of the newborn, and makes its advent free from danger and almost free from pain. Over 90,000 have testified to its virtues. Druggists who offer substitutes are untrustworthy.

Mrs. William Vincent, of Sidway, Houghton Co., Mich. (care Bridgland's Camp, Box 19), writes: "I when I first began to take your 'Favorite Prescription,' four years ago, I was suffering with local weakness and heart trouble. At times I could hardly endure the pain in my sides, quite low down, and had such a pain between my shoulders I could not sleep at night. Was just as tired in the morning as at night. At times there was a very sharp pain around my heart. When I would stoop over there was a dull aching pain under the heart. My head ached and was continually sore to the touch. I took ten bottles of the 'Favorite Prescription' and one bottle of the 'Golden Medical Discovery.' I can most truly say that as a result I never felt better in my life. I was more like a young girl than a mother of a family. The pain all left me, so I know that your medicine will do all that medicine can do."

A headache is a symptom of constipation. Dr. Pierce's Pleasant Pellets cure constipation, promptly and permanently. They do not grip. Druggists sell them.

fundish in case of hostilities. The reply of the Governor gave 245,000 as the number.

ELIZABETH CITY.

Genoa, March 14.—Arrived: Rawl Andreeff, Hampton Roads.

Valencia, March 14.—The reported sailing on 15th, of steamer Prince Philippe, for Savannah, was an error.

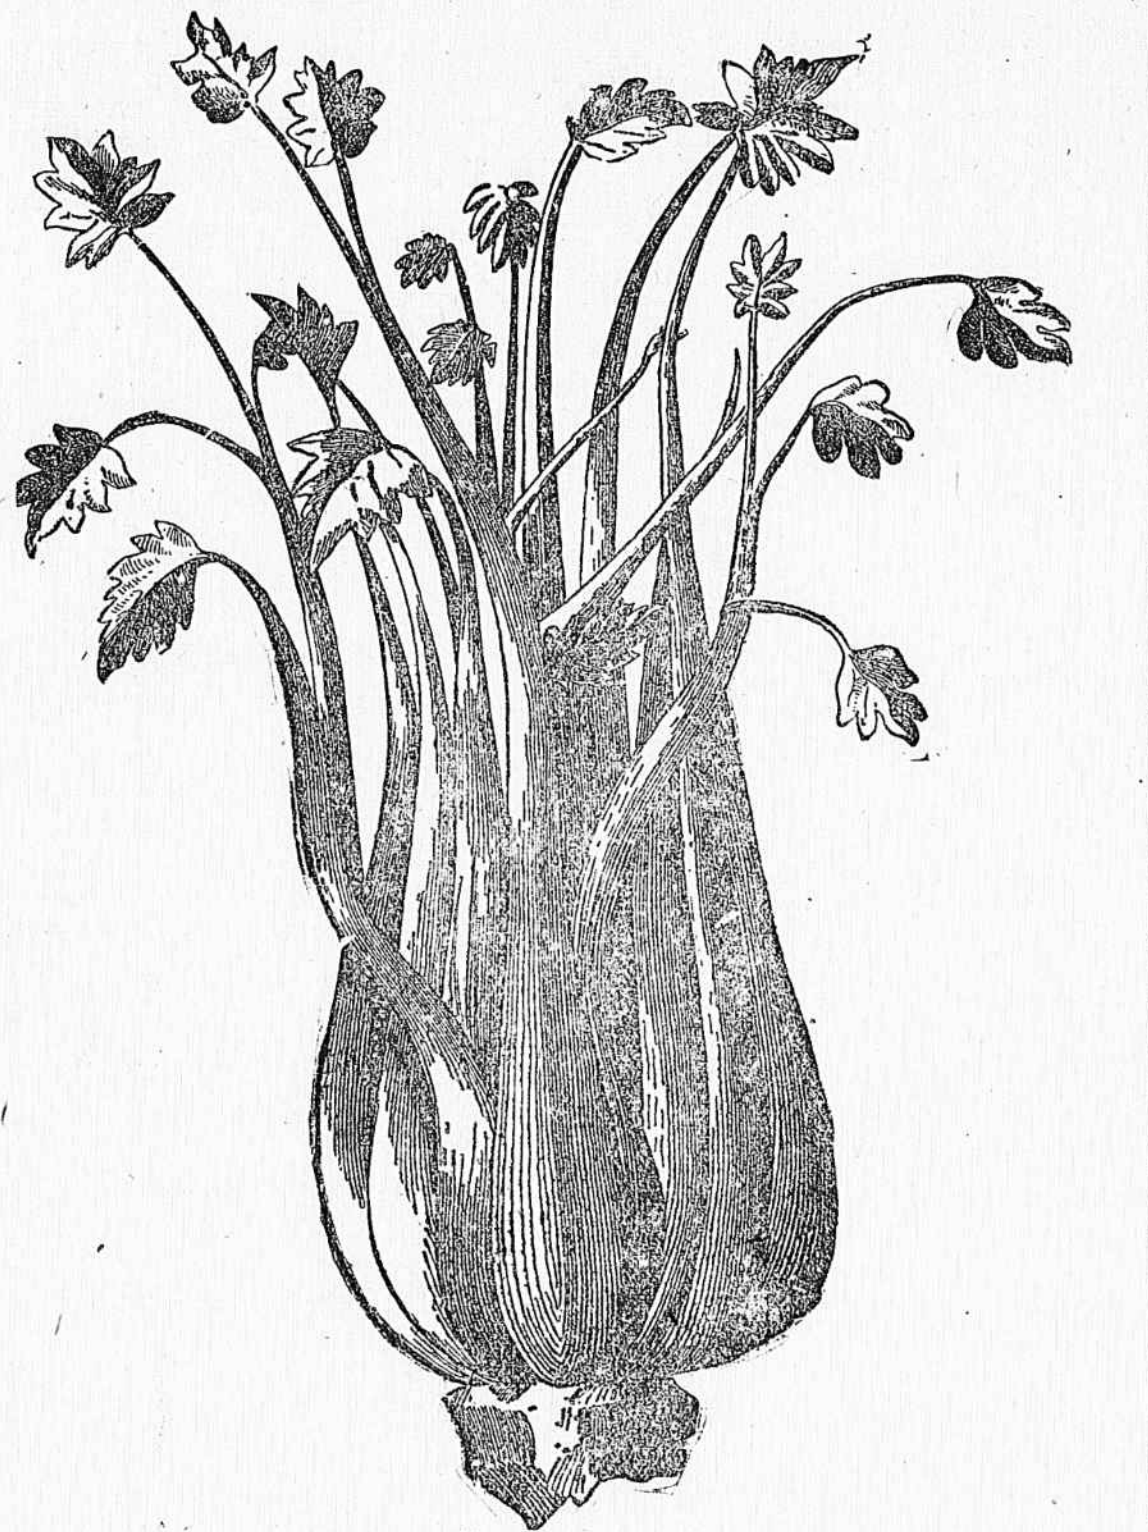

NOTICE TO MARINERS.

Notice is given by the Lighthouse Board that the following named Frank buoys have been replaced by New York Lower Bay for the season: Palestine Shoal (west end) No. 4, Flynn Knoll (southeast side) No. 6, Flynn Knoll (south side) No. 8 and Southwest Spit (south side) No. 10.

Senator Thomas C. Platt, of New York, is credited with being one of the most influential politicians in the United States; nevertheless he very seldom gets his name into the Congressional Record. If he has made a speech during the current session of Congress, the fact has escaped attention. These facts ought to be full of suggestion to some of the ambitious politicians at Washington, who are constantly running up Uncle Sam's bill for printing speeches.—Savannah News.

SPECIAL COMMISSIONERS' SALE

OF THE NORFOLK AND OCEAN VIEW RAILROAD, NEW PROPERTY AND FRANCHISES, INCLUDING THE OCEAN VIEW HOTEL PROPERTY.

Pursuant to the decree of the Circuit Court of the United States for the Eastern district of Virginia, entered on the 10th day of November, 1897, in the suit in equity then pending, wherein the Walker Manufacturing Company is plaintiff and the Norfolk and Ocean View Railroad Company and others are defendants, default having been made in the payment of the sum directed to be paid in and out of said decree within the time therein prescribed, we shall sell at public auction, in front of the Custom House, in the city of Norfolk, Va., on

WEDNESDAY, THE 22D DAY OF MARCH, 1898, AT 12 O'CLOCK P.M., the following property, to-wit:

All the property and franchises which were conveyed by the deed of trust dated the 10th day of May, 1895, executed by the Norfolk and Ocean View Railroad Company, now the Norfolk and Ocean View Railroad Company, to the Norfolk Bank for Savings and Trusts, trustee, therein described as follows, that is, to say:

All and singular the several railroads, railways, roads and roadbeds of the said Railroad Company, consisting of a continuous and connecting route or line of railroad, beginning at Church street and Henry street, in the city of Norfolk, Va., and extending through the city and county of Norfolk to Ocean View, Va., consisting of about eight and one-third miles of single track railroad, together with all branches, extensions, turnouts, switches, sidings and other appurtenances of the said line of railroad, with the tolls, incomes, rents, issues and profits thereof, and all the real estate, depots, stations, power houses, engines, boilers, dynamos, generators, machinery, tools, electric motors, trucks, cars, rolling stock, turn tables, implements, rights of way, fixtures, leases, leasehold interests and equipment, and all other personal property thereto belonging, and all property, real, personal and mixed, and also all property of every kind and description which may be hereafter acquired by the said Railroad Company and all public and corporate rights, powers and franchises belonging or appertaining to the said Railroad Company now owned or hereafter acquired; and also all the reversion and reversions, remainder and remainders, and all the estate, right, title, interest, property, possession, claim and demand whatsoever, as well as law as in equity of the said Railroad Company, now owned or hereafter acquired in and to the said railroads, franchises, rights, powers and privileges and to every part and parcel thereof.

And also the hotel and other buildings, with the furniture, fixtures and personal property therein contained, electric light plant, pavilions, bath houses and all other structures of every nature and character acquired or to be acquired.

And all and singular the streets, ways, passages, waters, courses, easements, rights, liberties, privileges, franchises, hereditaments and appurtenances whatsoever thereto belonging or in any way appertaining and the reversions and remainders, rents, issues and profits thereof, and all the estate, right, title, interest, property, claim and demand whatsoever of the said Railroad Company of, in and to the same, and every part thereof.

The said property and franchises will be sold as a whole, but subject to and with the benefit of all existing and subsisting contracts made by the receiver in said suit under the authority of the said court, of which a full and accurate statement will be announced by public sale, undersigned at the time of sale, and subject also to any legal liabilities that may hereafter be established against the said receiver, growing out of acts done by him in his capacity of receiver, or out of any suits or proceedings which may be pending against him at the time of said sale, or may be instituted against him at any time thereafter, and such liabilities if any, will remain liens upon the premises until discharged, and likewise with the benefit of and subject to all suits or proceedings which may have been or may be instituted by the said receiver.

The said property, rights and franchises will be sold to the highest and best bidder, but before any adjunction is made to him, he must pay in cash the sum of Twenty-five Thousand Dollars, and if the bid is confirmed by the court, the balance of the purchase money must be paid within ninety days, unless further extended upon security given or other terms are prescribed by order of the court, but the purchaser shall have the right to anticipate the day of payment.

After the payment by the purchaser of such sum in cash as may be sufficient to pay the costs, charges and expenses of the trust created by the said deed to The Norfolk Bank for Savings and Trusts, as trustee, including the sum of \$300, with interest from May 1, 1895, and also including its reasonable compensation as trustee under the said deed of trust together with any amount paid or to be paid or incurred or allowed as fees, compensation or reimbursement of expenses to counsel, and the indebtedness of the receiver by certificate of the court, the said receiver is authorized to receive from the purchaser or purchasers in part payment of the purchase money, any of the bonds or unpaid coupons, with interest thereon, to or toward the payment of which said said net proceeds of such sale shall be legally applicable, the amount at which such bonds or coupons are to be received in part payment of the purchase money is to be determined and fixed at a sum which shall, upon a proper distribution and accounting for such proceeds, be not more than the share or proportion payable out of such net proceeds to such purchaser or purchasers as the holder or holders of such bonds and coupons, and the bonds and coupons so applied in satisfaction of the purchase money shall be treated as a payment thereof to the extent of such application.

And the receiver certifies and the said receiver is authorized to certify and the said receiver is authorized to certify that the said decree to be prior to the mortgage bonds, or any of them may be used as cash in the payment of any part of the purchase money to the extent that such certificates and the liens and indebtedness therein declared to be prior to the mortgage bonds respectively so used, and the interest due thereon would be entitled to share in the distribution of the cash so required, except as to the sum of money required to be paid on the day of sale as aforesaid.

In case of the failure of any bidder to comply with the terms of sale that are to be complied with on the day of sale or before a final adjudication to such bidder, the undersigned are authorized by the said decrees to reject the bid, and proceed to sell the said property and franchises, or then and there to announce that on some other day, then to be designated, and between certain hours to be then designated, they will, at the same place, make a sale of the premises under said decree without further advertisement; and the undersigned are also authorized to adjourn the said sale from time to time, in their discretion, until a sale is made, and the undersigned are also authorized to have been made in accordance with the provisions of the said decree.

The receiver will remain in possession of the said premises and continue to operate the said railroad and manage the other property subject to the orders of the said court, after the said sale, and until the convenience thereof to the purchaser. He will keep correct account of the earnings and incomes of the premises, as well as of the outlay and expenditures necessary for the operation of the said railroad, and in confirmation of the said sale, the purchaser will be entitled to receive and shall take the said property subject to any gains or losses that may have accrued or be incurred subsequent to the day of sale.

This is a valuable property, and the attention of capitalists is called to it. Every facility for its examination will be given.

For further information apply to the undersigned,

WM. W. OLD, CALDWELL HARDY, Special Commissioners.
